Grassland and Mountain Agriculture Research Institute Banská Bystrica

Slovak Society of Agricultural, Forestry, Food and Veterinary Sciences at the Slovak Academy of Sciences in Bratislava - in cooperation with the Forest Ecology Institute of the Slovak Academy of Sciences

Second Announcement

Grassland Ecology VIII

International Scientific Conference

19 – 20 March, 2013

Banská Bystrica, Slovakia

The conference is held on the occasion of the 50th anniversary of Grassland and Mountain Agriculture Research Institute establishment and the jubilee of Professor Vladimír Krajčovič.

The conference topics:

- 1) Studies and assessment of grassland ecosystem properties – abiotic and biotic interactions (soil – plant – animal relationships in general);
- 2) Grassland management techniques (anthropogenic influence and interactions);
- 3) Annual and perennial forage crops in crop rotation and forage cropping patterns (quality and quantity: soil, plant, animal);
- 4) Quality of plant and animal production from grassland;
- 5) Adapting to different forms and manifestations of climate change;

Date and venue:

19 – 20 March, 2013; Banská Bystrica, Slovakia

Deadlines:

Full papers should be forwarded by e-mail to ekologia2013@vutphp.sk no later than **08 February 2013**.

Instructions to authors:

Papers can be written in English or Slovak/Czech, but with all the abstracts in English only. **Maximum 6 pages**, including abstracts, tables, figures and references, page size A4, portrait, all margins 2.5 cm, use single spacing and left-align the text. Use font “Times New Roman” 12 pt, for tables and references only use 11 pt. Tables (use only horizontal lines) and figures embedded in the paper text.

The paper structure will be as follows:

Title of the paper;

Author(s) - in the format First name (s), Surname; authors from more than one institution numbered progressively using superscript next to the respective name(s) and address(es);

Institution name and address;

Abstract (max. 200 words);

Keywords (max. 6);

Introduction, Materials and methods; Results and discussion; Conclusions;

Acknowledgements; References;
